

Corona Virus and SABC

Good afternoon, all!

I hope you are doing well and that God is blessing you during these strange times. I'm excited about sharing today's video with you! I set out to make a short 4 or so minute video of how SABC and congregations in South Africa are dealing with the crisis. But, the conversation with Eddy Nkosi, SABC's Dean of Students, revealed so much good information, I couldn't cut it down that much.

Therefore, I decided to send two videos: one today and one Saturday.

Today's video is an introduction to Eddy, the lock down in South Africa, and discussion about how the college continues to educate during this time. It is about 7 minutes.

In Saturday's video, Eddy discusses how Christians all over Southern Africa are evangelizing even though they are confined. You'll be glad to know that the Gospel is still reaching people despite social distancing guidelines. This video is about 10 minutes long.

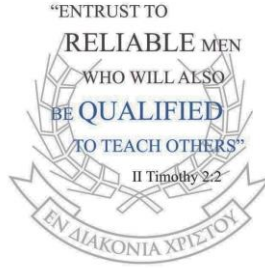

As always, let me know if you have any questions for me or for Eddy. I look forward to hearing from you!

Peace,

Kirk Eason
Director of Development - USA
Southern Africa Bible College

Corona Virus and SABC Part 2

Good morning, all!

Here is part two of my interview with Eddy Nkosi, SABC's Dean of Students and preacher for the Daveyton Church of Christ.

Eddy speaks about what his congregation, and many others, are doing to reach out during this time of lock down.

Hope you enjoy. Please let me know if you have any questions for me or Eddy.

Peace,

Kirk Eason
Director of Development - USA
Southern Africa Bible College
